

KIERA YUILL

BILINGUAL (English & French)

BIO

Skating has been a part of my life since I first stepped onto the ice at two years old. After years of competing in figure skating and soccer, I've found a new passion in coaching for the Rockland Skating Club, a community that means so much to me. My time on the coaching staff actually sparked my desire to teach, leading me to the Bachelor of Education program at the University of Ottawa. Whether I'm in the rink or the classroom, I am dedicated to helping the next generation learn, grow, and find their own passions.

COACHING PHILOSOPHY

At the heart of my coaching is the idea that sport is a powerful vehicle for self-expression. I strive to lead with the principle that joy and movement are the foundation of all progress. Because every learner is unique, I focus on making technical growth an enjoyable process that celebrates different learning styles. I believe the rink should serve as an outlet where every skater feels welcome, accepted, and safe. My goal is to foster a space where athletes can express themselves fully, building both their skills on the ice and their confidence beyond it.
